

Guidelines for Registering for Swim Lessons:

- If your child is currently participating in a swim lesson session please seek the recommendation from their current instructor regarding the level that would be appropriate for the next session.
- In order for your child to gain the most benefits from their swim lesson, it is important they get enrolled in the appropriate level. Please call us if you have any questions or need guidance regarding the best level for your swimmer.
- You are more than welcome to register your child for more than one session, however, please make sure they are all for the same level.
- If your first choice of lesson is full you may register your child on the waitlist. If you register for more than one waitlist, please email us with your first choice preference. Or, if you are able to enroll your child in a class but it is not your first choice, please send us an email so we are aware of your requests.
- If your child is accepted into a class after being on the waitlist, payment is due before they will be permitted to participate. If you have a credit card on file we will still need your permission to bill that card.
- Private Swim Lessons are available if you desire a specific instructor.
- Please make sure to update your contact information. We may need to contact you regarding class schedule changes or your waitlist status.
- When you register on-line you will be sent an email confirmation. This may be found in your spam box. If you do not receive a confirmation, please feel free to contact us for verification that your registration went through.
